Including all the most popular standard varieties together
with many new and exclusive sorts of wonderful quality

CANNAS----DAHLIAS----PEONIES

The United Bulb Company

P. O. Box 39
Mount Clemens, Michigan

VIEW OF 300,000 PRINCE OF WALES IN FULL BLOOM

IN presenting our new wholesale catalogue, we beg to draw your kind attention to the fact that we are one of the largest growers of Gladioli in America, and that the varieties we offer, are absolutely true to name. We are more than ever in a position to give our customers reliable service and dependable quality. To achieve this, we have not spared costs; a new twenty thousand dollar warehouse has just been completed for the sole purpose of proper storing and treatment. Bulbs kept at the right temperature during the winter, will keep their vitality much better and can be forced.

HINTS FOR FORCING: Buy only the very best at least 1½ inch up and order early. The bulbs for forcing are looked after in the fall, every one is examined and stored away at the right temperature until shipping time. Our packing is of such nature that we guarantee our shipments frost proof. **YOUNG HIGHCROWNED BULBS** are essential. Plant around the middle of January and put the Glads 5-6 inches apart. **DON'T WATER THEM TOO MUCH**, just keep them moist, you can give them plenty of water, when the buds show. Keep the bulbs at a carnation temperature.

(While we only recommend extra first size for forcing, we have seen our second size L'Immaculee grown by the Edward's Greenhouses, Mr. Sullivan, Supt., Syracuse, N. Y., which produced spikes 5 feet tall. Surely, Mr. Sullivan is an expert grower, but we believe that the quality of our bulbs, had something to do with it too. Don't you?)

We are always at your service. Our life long experience in growing Gladioli is entirely yours. If we can do anything for you, just tell us about it.

THE UNITED BULB COMPANY

GLADIOLI

Special prices quoted on large quantities. 100 of a variety will be sold at the 1,000 rate. Add 10% to all orders for less
